Local resources for schools in the Mary River Catchment area
This studio is available to Education Queensland staff
with open participation

[https://staff.learningplace.eq.au/lp/pages/default.aspx\\$pid=1492578](https://staff.learningplace.eq.au/lp/pages/default.aspx$pid=1492578)

This edStudio has been developed to provide ideas, resources and information on how to use the local area and Mary River in your teaching. It is a starting point for teachers who want to use the local context to connect curriculum to their learning.

Barambah Environmental Education Centre, the Mary River Catchment Coordinating Committee and Tinana State School have worked to make teaching about the Mary River easy for YOU!

*Studio owners are Robyn YATES, Zela BISSET, Sue-Ellen GIBSON,
Natalie ASCOUGH, Sandra MORRIS*

Favourite a Studio

When you favourite a studio you save a link to the studio in **My Learning Space** → **Favourites**

Find and open the required edStudio

Select

Select Add to favourites. You have successfully added a studio to your favourites!

Access your favourite studios

Go to **My Learning Space** → **Favourites** in the top navigation menu.

Select the **edStudio** tab. You have successfully accessed your favourite studios.

Tip: Use the favourite tags to make finding and sorting your favourite studios easier.

We invite you to contribute your resources to this edStudio by contacting ryate13@eq.edu.au
